

Rebellion Energy, LLC Debuts as Mid-Continent Player in its Western Oklahoma Acquisition

TULSA, Oct. 14, 2015 – Rebellion Energy, LLC (“Rebellion”) announces that it has closed on its first acquisition in Western Oklahoma acquiring an operated position in the Berryman Waterflood Unit and a non-operated position in the East Harmon Waterflood Unit, both located in Ellis County, Oklahoma, from Unit Petroleum Company.

Founded in May 2015 in partnership with Natural Gas Partners, Rebellion is a Tulsa-based upstream company led by Staci Taruscio, President and CEO. Rebellion’s focus includes acquiring and redeveloping mature Mid-Continent assets.

“This, the first of many acquisitions, debuts Rebellion as a Mid-Continent player who transacts efficiently,” said Taruscio. “We see this as an opportunity to revive a mature asset and create additional value through operational optimization in the Berryman.”
